

# LODGE LOCAL GUIDE

This is a pretty special little corner of the world, so get out and explore a bit. Here's a list of our favorite places to see, shop, eat and drink. Remember: You're in a remote area which means business hours are constantly changing and options are limited. When in doubt: Google It. Dinner reservations are HIGHLY recommended to avoid long wait times. Also remember: Time slows down a bit up here. Wherever you're headed, relax and enjoy the view... Wave to our neighbors and wildlife friends. You're on vacation now.
